## HOW TO USE THE HONG LIST

Refer to a person's name in Who's Who, which is followed by his firm's name.

The firm's name in the Shanghai Hongs and Outport Hongs (page 591) gives the business address and other information.

A person's name in the Residential Directory (Shanghai) is followed by his private address.

In Shanghai a private address in the Street Directory gives the name of the occupant, the position of the house, the name of the street in Chinese, etc.

SPECIAL ATTENTION is drawn to the Agency List following the Shanghai Hongs. This contains over 3,500 agencies held by Shanghai firms. If you wish to find the agent of some particular motor-car, electrical battery or medicine, refer to this list, which will give you the local agent's name.

The Trade Directory lists members of various professions and trades together (such as doctors, banks, printers, hardware merchants, etc.), and is of great convenience in circularising special sections of the community.

Preceding and immediately following  
this page will be found :—

## THE NORTH-CHINA DAILY NEWS

*A morning newspaper seven days a week, with an illustrated  
supplement every Sunday printed on art paper*

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

*Revised Subscription Rates, effective January 1st, 1939.*

## THE CHINA YEAR BOOK

Each new edition adds another volume to the series (dating from 1912) which constitutes the only existing history of China in recent years. It is the recognized text book on Chinese events and policies, and provides the only basis for forming a complete and accurate judgment on Far Eastern affairs.

The information, which is unbiased and as complete as possible, is not the work of one man, but from a group of contributors who are experts in their own subject. The book is concise and presented in a handy volume convenient for reference.

Cloth bound, 600 pp., \$18.

*A morning newspaper seven days a week, with an illustrated  
supplement every Sunday printed on art paper*

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognized and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

## THE CHINA YEAR BOOK

Each new edition adds another volume to the series (dating from 1912) which constitutes the only existing history of China in recent years. It is the recognized text book on Chinese events and policies, and provides the only basis for forming a complete and accurate judgment on Far Eastern affairs.

The information, which is unbiased and as complete as possible, is not the work of one man, but from a group of contributors who are experts in their own subject. The book is concise and presented in a handy volume convenient for reference.

# THE CHINA YEAR BOOK

Each new edition adds another volume to the series (dating from 1912) which constitutes the only existing history of China in recent years. It is the recognized text book on Chinese events and policies, and provides the only basis for forming a complete and accurate judgment on Far Eastern affairs.

The information, which is unbiased and as complete as possible, is not the work of one man, but from a group of contributors who are experts in their own subject. The book is concise and presented in a handy volume convenient for reference.
